

Knowledge Assets Information Technology Staffing

Our main differentiator is the ability to provide our clients with effective services, great solutions and the best talent.

Recruitment and Staffing

SOW Technical Services

SOA - Architecture and Integration

*"Relationship Quality can always be a differentiator,
Because it is inherently individualized"*

A specialist in the supply of **knowledge assets**

These are **qualified technical resources** that you can access through our contract, contract to perm or permanent placement services

Why Aptonet? What differentiates us?

What differentiates us?

- ❖ A **client-centric approach** that starts by working closely with you to understand your business and needs. We want to be **aligned with your goals**
- ❖ **Service delivery reaching both to North America and Europe** with **local and global talent recruitment capability and experience**
- ❖ **Tech savvy** - Our vetting and screening process is considered a technology function in our company, thus **ensuring that the candidates presented have the skills and competence required**. We only present the best talent, so you do not waste time (and money) with sub-par performers. “no resume spraying”
- ❖ **The recruitment process is technology focused. The interviewers are technology professionals**
- ❖ **An impeccable dedication and work ethic** - A relationship quality that is inherently individualized. We seek to be a trusted partner, advisor and not only a vendor
- ❖ **A proven track record** - Consistent delivery of quality services
- ❖ **We care** - Aptonet has very close relationship with the **professionals in its ranks. They are valued as individuals**, and we encourage, promote and invest in their growth

Why Aptonet?

❖ Our Clients:

- ❖ **Need the right resources, at the right cost and available when required.** - You can count on us to consistently go the extra mile and deliver a job well done.
- ❖ We provide the candidates with as much detailed information about your company, the environment, the technology, the project, the purpose, and the exciting possibilities for a career and growth.

❖ Our Candidates

- ❖ **We take in consideration your desire for accomplishment and self-fulfillment.** We provide you with **the right opportunity at the right company.** This relates to doing meaningful work, being valued as a person, and to have the opportunity for self advancement, training and mentoring. We offer a collaborative, socially responsible and transparent environment.

❖ Trust and Commitment

Your trusted advisor
